

Dear Colleagues, dear Friends,
Please find enclosed the first draft of the **D.051 Release 1 "Minimum planning data requirements"**.

CONTENTS OF THE FIRST DRAFT

The contents of this document are the results of the Milan workshop, in which we found an agreement on the MDS. This first draft will be integrated, developed and controlled (by the translators) during the next week.

We will send you the second draft next Friday 8 November.

ANALYSIS OF THE FIRST DRAFT

Please read the document carefully, and, analysing the contents, try to answer to this question: "Are the data included in the MDS sufficient for a simple planning activity?"

SENDING COMMENTS ON THE SECOND DRAFT

The deadline for sending comments will be Monday 18 November.

We kindly request you to respect the deadline, in order to allow us to progress in the expected timeframe and respect the final due date.
