Dear Mr. Remacle,

Dear Me Martiat,

I, dr. The FPS Health will bear this responsibility following the requirements as described in the Grant Agreement and in the "Consortium Agreement" and "Project Policy", documents that have been created by the Belgian FPS Health to give framework for the associated partners in their participation in the above mentioned Joint Action. The financial responsibility of the coordination of the Joint Action will be with the FPS Health, and will be executed with respect for the applicable mandatory internal financial procedures.

To execute the management of the Joint Action on Health Workforce Planning and Forecasting, I, dr. Dirk Cuypers, hereby designate Mr. Michel Van Hoegaerden in the function of Program Manager. Yours faithfully,

For the Belgian State,
